Private Lesson Interest Form

We are so very excited to have you a part of the SBMS Band! A large part of our success is due to being able to offer our Private Lesson Program, which provides one-on-one instruction with professional musicians who specialize on your child's instrument.

WHEN?

- Once per week for 30 minutes, usually during your child's band class at school. Times are also available before and after school.

WHO?

- **ALL** band students are strongly encouraged to participate in this program.

COST?

- Rates are set by the private lesson teachers and paid directly to them. Generally, lessons cost between \$15-20 per lesson.
- School funds reset aside and available to help with this cost. Simply ask a director so we can help!

WHY?

- Private lesson instruction gives your child exactly what they need to improve on an individual level. While the band directors provide quality instruction, private lessons give your child the tools to be truly successful at their unique level.
- Students who take private lessons generally perform at a higher level and are able to place higher in individual competitions such as All-Region Band auditions, Solo and Ensemble Contest, and chair/placement tests.
- Our Private Lesson Staff has been carefully selected and undergone BISD background checks to ensure the highest level of professionalism and teaching skills.
- Band is fun! Lessons provide extra music for your child to learn and enjoy playing even more!

Would you like more information?

Please fill out the information below and our private lesson staff will reach out to you with more information about their studio. This is not a commitment, just a request for information.
